

You know I want you
Just wanna talk to you
Ooh yeah

Please don't make me beg
When you bussing it for me
Hallway straight to the bed
Just like you was texting me
Keep it tooted up all that back back back
Why you playing tough? Don't you act like that
Please don't make me wait
You know niggas love a chase

Ay
I don't mind spending on you, breaking the bank yeah yeah
Say the word, what I gotta do to get you wet
Know I deserve it but how could I prove it? Yeah
But I got a long bone to pick with you, ay
Why you get me started if you ain't gon' see it through?
I been on my Ginuwine, So Anxious
Ever since you called I been a mess baby

Please don't make me beg
When you bussing it for me
Hallway straight to the bed
Just like you was texting me
Keep it tooted up all that back back back
Why you playing tough? Don't you act like that
Please don't make me wait
You know niggas love a chase

Truth is I've been out here
You should probably take a chill pill out here
If I led you on, I'm sorry
Now you caught up in your feelings, I ain't proud of me
To keep it a hundred proof, was it me
Or was the best of me who was texting you?
Now you on your Ginuwine, So Anxious
And I been busy getting to the check baby

Please don't make me beg
When you bussing it for me
Hallway straight to the bed
Just like you was texting me
Keep it tooted up all that back back back
Why you playing tough? Don't you act like that
Please don't make me wait
You know niggas love a chase
