You done had me pull up way too often  
Decide right now (Yeah)  
Money comin', we done made a fortune (Ooh-ooh, ooh)  
Losin' you, girl, I can't afford it (Oh-ooh-woah)  
They don't want us pullin' up in Porsches (Shit)  
Decide right now

Used to have you naked in the suite, yeah  
Used to have you screamin' at your peak, yeah  
Like, "Ooh-wee", babe  
Remember what I taught you  
Smackin' on that ass, grab them titties that I bought you  
Easy, twenty bands, girl, for me, that's just a walk through  
I ain't took an L in a minute, until I lost you  
Fell for a broke nigga but I still come through, yeah, yeah

You deserve an upgrade, new energy  
'Fore you go and settle, I'ma ice out your bezel, yeah

Could've had anything you want if you said the word (Word, yeah)  
But it ain't no regret and no (No)  
Just take it as lesson learned

I didn't know you had a man, I'm sorry (No, oh-oh, ooh-ooh)  
I didn't know that he was that important (Ayy)  
You done had me pull up way too often (Baby)
