

## Delorean

Eric Bellinger

Yea, She bad  
Yea, She cold  
Yea, She all that you already know  
Yea, She cook  
Yea, She clean  
I know she can probably be the one for me...yyeaaaa!

She don't ever be at the club  
Cause she always be havin' work in the mornin'  
She so ready to fall in love  
Everything I could ever need in a woman  
When we go out, she say, "Let's meet at my place!"  
Whenever we go to dinner, she never let me pay  
She say, "What's mine is yours."  
She's what I been waiting for  
She even open my door

But I'm still thinkin' bout' that other girl  
Said I'm still thinkin' bout' that other girl (Yea)

I know she did me wrong  
And what we had is done  
Don't know what's going on  
Stuck in the past tryna' make it the future  
Cruisin' in my Delorean

I'm still thinkin' bout' that other girl (Yea)
