

Desire

Eric Bellinger

Shawty, you done caught my eye
Me pay them other girls no mind
Like shisha you're a vibe
I wanna blow you all night, ooh It's magic when she puts them hips on cruise
I'm ready to navigate I'll find away to you
You got all my attention, all I see is perfection
I want it, I want it, yeah

I see her beauty from miles away
It's Godly how she come and put it down
She knock me out, Ali Bomaye
She my little rockstar, and she go hard

She light my flame, like a lighter (Lighter)
That's why I call her my desire (Desire)
A one-of-one, nobody finer (Finer)
That's why I lace her in designer
She light my flame, like a lighter (Lighter)
That's why I call her my desire (Desire)
A one-of-one, nobody finer (Finer)
That's why I lace her in designer

Face card don't decline on her
Like VVS, yeah, she shine on them
She wind it up real slow, snatch my soul
Face card don't decline on her
Like VVS, yeah, she shine on them
She wind it up real slow, snatch my soul
Take control

She light my flame, like a lighter (Lighter)
That's why I call her my desire (Desire)
A one-of-one, nobody finer (Finer)
That's why I lace her in designer
She light my flame, like a lighter (Lighter)
