

# Don't Play Wit It

Eric Bellinger

Don't think  
That you gone leave a nigga like that  
Without asking  
That's all me (yeah yeah)  
No matter if I fucked up  
I ain't passing it (No)  
Same old shit new day  
Every time we fight  
We just fuck 'til it's OK bae  
It's a thin line between love and hate  
But girl you know you can't leave

'Cause you know how we get  
Might entertain a little thing but it never be more than that  
Can't give away my shit 'cause it's not yours

Don't play with it (don't you play)  
That's my pussy, don't play with it (don't play yeah)  
It was made for me (ooh no)  
Can't let it get away from me (no way)  
Don't play with it (don't you)  
That's my pussy, don't play with it (don't play yeah)  
It was made for me (ooh no)  
Can't let it get away from me (no way)

Look at how your diamonds bussin (drippy)  
Shade room can't speak on nothing no  
You know that it's you I'm cuffing (that part)  
Really ain't no need for discussion  
Niggas shoot their shot but they're not me baby  
Like they're not in the shot paparazzi baby  
Better hold it down like you got me baby  
Don't give it to nobody if it's not me baby

'Cause you know how we get  
Might entertain a little thing but it never be more than that (ooh-ooh)  
Can't give away my shit 'cause it's not yours

Don't play with it (don't you play)  
That's my pussy, don't play with it (don't play yeah)  
It was made for me (ooh no)  
Can't let it get away from me (no way)  
Don't play with it (don't play with me)  
That's my pussy, don't play with it (it's already mine)  
It was made for me (ooh no)  
Can't let it get away (no way)

Don't play with it (la-la-la-la)  
That's my pussy, don't play with it (la-la-la)  
It was made for me (ooh no)  
Can't let it get away from me (no way)  
Don't play with it (la la)  
That's my pussy, don't play with it (la-la)  
It was made for me (ooh no)  
Can't let it get away from me (no way)
