

Drippy

Eric Bellinger

Bring me a, bring me a
Bring me a towel
Bring me a, bring me a
Bring me a towel
Cause your shit is dripping dripping wet
It's a waterfall up in my bed
So, bring me a, bring me a
Bring me a towel
Bring me a, bring me a
Bring me a towel
Cause your shit is dripping dripping wet
It's a waterfall up in my bed
So drippy drippy

When I'm in it switch positions
I'mma have you wall to wall
In my bed it's TLC
Cause I be chasing waterfalls
Girl you got that old spirit
Real supreme Diana Ross
Always messing up them Vicky secrets
You can't even have no draws
Set the mood
Bet I got the gold
[?] strapped, why panic?
If I kiss it you gon' lose control

Grocery I saw you down the isle
Checked it out [?] I'll buy it
You was talking until you felt the rocks
Sink the ship meet the titanic

Bring me a, bring me a
Bring me a towel
Bring me a, bring me a
Bring me a towel
Cause your shit is dripping dripping wet
It's a waterfall up in my bed
So, bring me a, bring me a
Bring me a towel
Bring me a, bring me a
Bring me a towel
Cause your shit is dripping dripping wet
It's a waterfall up in my bed
So drippy drippy

Let it rain down on me
Pour it all out on me
And baby move yours hands
I don't need no help
All night long I'ma lick that
Oh babe, you'll be coming again come coming again
You'll my private island
Drown me in your waves
Tonight the bedrooms paradise
But it ain't no issue I'ma lick you until dry
Bring me a towel

Bring me a, bring me a
Bring me a towel
Bring me a, bring me a
Bring me a towel
Cause your shit is dripping dripping wet
It's a waterfall up in my bed
So, bring me a, bring me a
Bring me a towel
Bring me a, bring me a
Bring me a towel
Cause your shit is dripping dripping wet
It's a waterfall up in my bed
So drippy drippy
