

# Eggnog & Henny

Eric Bellinger

Jingle bells, jingle bells  
Jingle bells baby  
I'ma ball crazy  
I'ma ball baby  
Fa la la la la  
I could pick which one lately  
Pound for pound baby

I think that it's you that I'm gonna choose  
Give or take  
I want you to slide on me  
Christmas day  
You're my secret Santa  
I'm your little present  
When you open me  
I promise you will not regret it  
Girl I already know

Eggnog with the Hennessy  
You can keep your hands off me  
Making love by the Christmas tree  
Putting on a show while these Christmas lights is on me (yeah)  
I heard you got options baby so do I  
Since we under mistletoe just press your lips on mine  
You might be the one I love the most, I can't deny  
I don't just spend holidays with anybody

Jingle bells, jingle bells  
I can tell baby  
That you've been waiting  
So I'ma reward your patience  
Fa la la la la  
Hitting oh so high baby  
Like oh-oh

Baby I, I tonight  
Give or take  
I want you to slide on me  
Christmas day  
You're my secret Santa  
I'm your little present  
When you open me  
I promise you will not regret it  
Girl I already know

Eggnog with the Hennessy  
You can keep your hands off me  
Making love by the Christmas tree  
Putting on a show while these Christmas lights is on me (yeah)  
I heard you got options baby so do I  
Since we under mistletoe just press your lips on mine  
You might be the one I love the most, I can't deny
