

## Ex Again

Eric Bellinger

Nobody likes to start over, over, over  
Even when they know it's over, over, over  
When we say til death do us part  
I'm gon mean it from the heart

I don't ever wanna ex again, ex again, ex again  
So if you're plannin on exitin  
Exit then  
Leave me now  
I don't ever wanna ex again, ex again, ex again  
Ah ah ah  
And be forever my love lost

I've given up of love before  
I just wanna be sure that you're for sure  
Cause this is my last time tryin ooh  
Cause all the past guys lied when  
They said they would never make the same mistakes  
As a last one  
All fears aside this feels so right  
I'm feelin like you're the last one  
Could you be mine?  
And be forever my love, love

I don't ever wanna ex again, ex again, ex again  
So if you're plannin on exitin  
Exit then  
Leave me now  
I don't ever wanna ex again, ex again, ex again  
Ah ah ah  
And be forever my love lost

If we ain't gonna stay together stay together stay together  
Let's not be together be together be together...  
If we ain't gonna stay together stay together stay together  
Ah ah ah  
And be forever my love lost
