

Favorite Time

Eric Bellinger

It's eazy

Playing out in the snow
The lights are beautiful
It's our favorite time of the year
Holding your body close
Underneath the mistletoe
It's our favorite time of the year
Beautiful Christmas songs
Everybody sings along
It's our favorite time of the year
Oh
It's our favorite time
Favorite time of the year

Yeah
I can feel the magic in the air
Moments we cherish
Heartfelt connections
Sitting back to reflect
On the love we shared, oh
My greatest investment
Is truly a blessing

Loving the decorations
And all the gifts under the tree
Swear we be going all out
For our family
Let's pour it up, make a toast
And raise our glass to
Our favorite time of the year

Playing out in the snow
The lights are beautiful
It's our favorite time of the year
Holding your body close
Underneath the mistletoe
It's our favorite time of the year
Beautiful Christmas songs
Everybody sings along
It's our favorite time of the year
Oh
It's our favorite time
Favorite time of the year

Yeah
Come and ride on me
Baby let me be your sleigh
I know what's on your wishlist
You ain't even gotta say it
I'ma lick it off the plate
You gonna serve it up proper
Cuddled up watching tv
Sipping d'usse

With a little eggnog
Me and my baby

Vibes is crazy
We gon' be locked up for some weeks
Loving through the holidays
With our phones on DND, yeah

Playing out in the snow
The lights are beautiful
It's our favorite time of the year
Holding your body close
Underneath the mistletoe
It's our favorite time of the year
Beautiful Christmas songs
Everybody sings along
It's our favorite time of the year
Oh
It's our favorite time
Favorite time of the year

Oh
It's our favorite time of the year
Eeey
It's our favorite time of the year
