

Flight

Eric Bellinger

If you was my girl
I would give you everything
Possibly a wedding ring
But it ain't that deep though
I just really fuck with you
I'm rolling up some good tree
And I got enough so two
So come and smoke it
Tonight's the night, it's going down
You the only one I want around
As I roll sativa, break it down
Yeah, yeah, yeah, yeah

You should come hop up on this jet, baby
Hurry up, before you get lift
I just wanna take a flight with you
Can I catch a flight with you? Yeah, yeah, yeah
I just wanna chill and smoke
Baby, I just wanna chill and smoke, yeah
Said that I just wanna chill and smoke, uh
You know this night is overdue, yeah, yeah, yeah, yeah
I just wanna chill and smoke, yeah
Baby, I just wanna chill and smoke, yeah
Said that I just wanna chill and smoke, yeah
I wanna catch a flight with you, yeah, yeah, yeah, yeah

I'm about to light one up
I'm about to, I'm about to light one up with you
(Light it up, light it up), baby, you
(Spark it up, spark it up), yeah
Everything you're doing's off the record right now
So I ain't tripping if we in the making right now
Do what you do
I'll follow you
Ooh yeah, ain't worried 'bout no bitches, no way
So you shouldn't be worried 'bout them niggas, no way
'Cause I'm here with you
Baby, all I wanna do, all I wanna do is

You should come hop up on this jet, baby
Hurry up, before you get lift
I just wanna take a flight with you
Can I catch a flight with you? Yeah (you already know)
I just wanna chill and smoke (I just wanna chill and smoke)
Baby, I just wanna chill and smoke, yeah (smoke)
Said that I just wanna chill and smoke, uh (chill and smoke, chill and smoke)
)
You know this night is overdue, yeah, yeah, yeah, yeah (chill and smoke, chill and smoke)
I just wanna chill and smoke, yeah
Baby, I just wanna chill and smoke, yeah
Said that I just wanna chill and smoke, yeah
I wanna catch a flight with you, yeah, yeah, yeah, yeah

Light it up, light it up
Spark it up, spark it up
