

Follow Me

Eric Bellinger

Whaddup whaddup world,
Ladies and gentlemen and all boys and girls.
Time to get up, to get out and move forward.
You know me, I carry your weight on my shoulders.
But I need soldiers, backing me up.
Til the end, holdin' me down,
This time around, I'm standing my ground.
And lost would be found,
But you gotta be with it,
Watch my next move, fully committed.

Where would I be without you?
Knowing Gray did it alone.
And I don't wanna leave without you,
But I'm about ready to go.

I'm one step ahead and you'll never catch up to me.
Everybody else is just following me,
So just follow my lead,
You can follow my lead.
I'm a star, I'll show you the way.
I'm one step ahead and you'll never catch up to me.
Everybody else is just following me,
So just follow my lead,
You can follow my lead.
I'm a star, I'll show you the way.

I know I'm not perfect,
But what's mine,
Better believe I deserve it,
Trust me I earned it.
Putting my beat in my time, it's my dream.
Don't ever hesitate to call me the king.

Where would I be without you?
Knowing Gray did it alone.
And I don't wanna leave without you,
But I'm about ready to go.

I'm one step ahead and you'll never catch up to me.
Everybody else is just following me,
So just follow my lead,
You can follow my lead.
I'm a star, I'll show you the way.
I'm one step ahead and you'll never catch up to me.
Everybody else is just following me,
So just follow my lead,
You can follow my lead.
I'm a star, I'll show you the way.

When it gets dark,
Follow the light behind me.
I got all the stars,
Falling and melting around me.
Whatever I say,
Say it my way.
Whatever I do,

You gon' do it too.
You gotta show me,
I'm the one you trust.
Cause everything I do,
I'm doing it forward!

I'm one step ahead and you'll never catch up to me.
Everybody else is just following me,
So just follow my lead,
You can follow my lead.
I'm a star, I'll show you the way.
I'm one step ahead and you'll never catch up to me.
Everybody else is just following me,
So just follow my lead,
You can follow my lead.
I'm a star, I'll show you the way.
I'm one step ahead and you'll never catch up to me.
Everybody else is just following me,
So just follow my lead,
You can follow my lead.
I'm a star, I'll show you the way.
I'm one step ahead and you'll never catch up to me.
Everybody else is just following me,
So just follow my lead,
You can follow my lead.
I'm a star, I'll show you the way.
