

Get My Way

Eric Bellinger

This gon' be your favorite song

I knew in time, you might let me in (I was patient, girl)
I knew it wouldn't be easy at all
Yeah, instead of pressin' you, I just leveled up
'Cause lady love when you [?] oh woah, woah
Yeah, but I knew my money wouldn't be enough
And you was ready to settle down, down (Settle down, down)
I done made myself so easy to love (Made it so easy, it's Eazy)
'Cause the tables do (Turn around), turn around

Somehow I knew I would get my way
(Get my way, get my way, get-
get my way, get my, get my way, get my way, get my)
I knew I would get my way (Yeah)

Now I know you switch it up from hood to classy (Switch, switch
)
Now I know you good but hella nasty (Woah, woah)
Remember when you used to walk right past me (Past me)
Now every time you see me, you harrass me (Damn)
You want it when I want it (Sheesh)
You need it when I need it (Yeah)
In the bedroom you the champ with the KO's, undefeated (Straigh
t up)
I wasn't [?]

I knew I would get my way
(Get my way, get my way, get-
get my way, get my, get my way, get my way, get my)
I knew I would get my way (Yeah)

My way
(Get my way, get my way, get-
get my way, get my, get my way, get my way, get my)
My way
(Get my way, get my way, get-
get my way, get my, get my way, get my way, get my)
I knew I would get my way
(Get my way, get my way, get-
get my way, get my, get my way, get my way, get my)
Yeah, I knew I would get my way
