

## Gift & Curse

Eric Bellinger

When my ex-girlfriend see my new girlfriend she was like, "Damn, how  
he get her?" [x2]  
But she didn't blame me, she call me up and said I've seen her, she's  
amazing.  
I guess she wasn't lying when she said she only wanted me happy  
It takes a real woman, to say she's proud

How to make my ex-girl, confident in my next girl  
Crazy how things work out  
I never thought she'd be cool with seeing me with my new chick  
She's finally off of that bullshit now  
Baby is so bad that she can't even be mad at me  
You gotta be amazing, cause she always be hating  
Baby is so bad that she can't even be mad at me  
She know she put me through that, finally off that bullshit
