

# Hangover

Eric Bellinger

Oh you need a break  
Take your heels off you've been grindin' all day  
Oh, it's been a long week  
You can hangover til' the morning  
Drink, check, smoke, check, night bag, check  
You can hangover til' the morning

Okay, you'll be taking shots while I don't chase  
The good time you're tryin' to have that  
We gon' skip right past the foreplay  
If you coming back to the palace  
Text your friends and tell 'em bye right now  
Girl they know that you hate the club

Oh you need a break  
Take your heels off you've been grindin' all day  
Oh, it's been a long week  
You can hangover til' the morning

Hangover, hangover, hangover (Hey)  
Hangover, hangover (Hey)  
Hangover, hangover, you can hangover til' the morning  
Drink, check, smoke, check, night bag, check  
You can hangover til' the morning

If you wanna hang, you can hang for sure  
We'll put on your favorite show  
We can watch a movie or we can make a movie  
Whatever you wanna do girl it's up to ya  
You left your friends at the club  
First you felt bad but you don't right now  
You feel good right now  
Girl this moment was made for us

Oh you need a break  
Take your heels off you've been grindin' all day  
Oh, it's been a long week  
You can hangover til' the morning

Hangover, hangover, hangover (Hey)  
Hangover, hangover (Hey)  
Hangover, hangover, you can hangover til' the morning  
Drink, check, smoke, check, night bag, check  
You can hangover til' the morning

YFS  
Hang-over, Hangover  
Hang-over, Hangover  
Hang-over, Hangover  
You can hangover til' the morning  
Hang-over, Hangover  
Hang-over, Hangover  
Hang-over, Hangover  
You can hangover til' the morning

Oh you need a break  
Take your heels off you've been grindin' all day

Oh, it's been a long week  
You can hangover til' the morning

Hangover, hangover, hangover (Hey)  
Hangover, hangover (Hey)  
Hangover, hangover, you can hangover til' the morning  
Drink, check, smoke, check, night bag, check  
You can hangover til' the morning

Do you wanna drink, check  
Do you wanna smoke, check  
Do you got a night bag, check  
You can hangover til' the morning  
Drink, check, smoke, check, night bag, check  
You can hangover til' the morning, oh  
Yeah  
Til' the morning, til' the morning, til' the morning
