

I.O.U.

Eric Bellinger

This that shit yo nigga never tell you
This that shit you always wanna hear
This that shit yo nigga never tell ya
This that shit you always wanna hear
Baby how you feelin'
Tell me baby how was work today?
What you eat for lunch baby?
Who got on your nerves today?
I know you don't be getting along with them females
Tell me all about it girl I wanna know the details
So I can know what's on your mind
That's the main thing I'm tryna be inside
That's the main thing I'm tryna be inside
That's the main thing I'm tryna be inside of you
I.O.U. inside of you [3x]
For everything that you be doing, you deserve a day off
You just clock in like one day it's gon' pay off
Baby I admire how you never wanna take off
You about your bread girl I love how you such a boss
You such a boss
Girl you such a boss
You such a boss
This that shit yo nigga never tell you
This that shit you always wanna hear
This that shit yo nigga never tell ya
Girl I don't mind selling candy in your ear
Won't you let me inside of you
I.O.U inside of you [7x]
It's crazy I don't know how it happened
But I fell in love with my best friend
Lucky for me she was my girlfriend
And she gon' be mine until the world ends
It's gon' be me & her and her & me
Ain't nobody else worthy
All the love that I have to give
One day we gon' start a family
But until then I.O.U.
Girl until then I.O.U.
