

# If You Like

Eric Bellinger

I can love you every day if you like  
Take you shoppin' every day if you like, if you like  
Take flight every day if you like  
If you like, if you like, if you like

Private flights, private life, that's what I want for you  
What you need? I'll just ask, I'll do what you want me to  
You so perfect, you make it hard for me to lose interest  
I want you right with me to the finish, I mean business, oh

'Til the wheels fall off  
Every day, I won't ever call off, ayy  
Want you forever, hope we never fall off, ayy  
Want you beside me, don't ever leave me alone  
With you, I never could have too much, ayy  
It's a blessing to have you, love (You, love)  
What we found is a diamond in the rough (In the rough)  
Of your body, girl, I can never get enough

'Cause I can love you every day if you like (If you like, if you like  
, if you like)  
Take you shoppin' every day if you like, if you like (If you like, if  
you like, if you like)  
Take flight every day if you like (If you like, if you like, if you l  
ike)  
If you like, if you like, if you like

Nothing but green lights the way we on go (Go)  
Truck to the hotel, straight to the boat (Boat)  
Watchin' the sunset, it's a private party  
Rubbin' the sun tan lotion all on your body (Damn)  
Brazy, left cheek, right, yeah (Huh)  
Crazy, sexy vibes (Yeah)  
All I ask for in return is someone to ride

'Til the wheels fall off  
Every day, I won't ever call off, ayy  
Want you forever, hope we never fall off, ayy  
Want you beside me, don't ever leave me alone  
With you, I never could have too much, ayy  
It's a blessing to have you, love (You, love)  
What we found is a diamond in the rough (In the rough)  
Of your body, girl, I can never get enough

'Cause I can love you every day if you like (If you like, if you like  
, if you like)  
Take you shoppin' every day if you like, if you like (If you like, if  
you like, if you like)  
Take flight every day if you like (If you like, if you like, if you l  
ike)  
If you like, if you like, if you like
