David Banner  
Sheesh  
Na-na-na-na-na  
It's gon' be your favorite song (Ayy)

I took off work  
Hit up the crib  
It's me and my lady tonight (Yeah)  
It's gonna be a wave we gon' go crazy  
My and my lady tonight  
I know I been giving hell (I know, I know)  
But she knows that I do me well

I'ma light a candle pour some Hennessy  
I'ma change your name gon' call the notary  
I'ma give it to you good let's make some memories (Yeah)  
While we listening to R&B, preferably Jon B (Yeah)

I hate it when we fight (When we fight, yeah)  
I'd rather make love all night (Night-night-night)  
Just come and sit that on me (On me, sheesh)  
I'ma play some Jon B (Yeah)  
If you let me spend the night (Spend the night-night-night)  
I'll do whatever to make it right, yeah  
Just come and sit that on me (On me)  
And I'ma play some Jon B, yeah

'Cause you're my angel girl  
And nothings gon' make you  
Girl I  
Yeah just wanna hit it on sight  
I'ma lick the kitty all night (Ayy)  
Promise I'ma eat that right  
If you swear you won't bite (Yeah)  
Let's play one-on-one  
Fuck the sixty-nine  
If I make my way inside

I'ma light a candle pour some Hennessy  
I'ma change your name gon' call the notary  
I'ma give it to you good let's make some memories (Yeah)  
While we listening to R&B, preferably Jon B
