Keep Me In Mind

Eric Bellinger

Hitmaka

I know you spent your whole life tryna get it right (Mm-hmm, ayy)
And you been let down one too many times (Ooh-ooh-ooh)
But I'm just sayin', you should be my baby (Baby), ayy
Even when shit crazy, I love you daily (Daily), yeah
All that wasted time, you should be spendin' with me
'Cause I got what you need

So baby, keep me in mind
When you need more than a little time
Want a love that you can't find
I just hope you keep me in mind
Keep me in mind, keep me in mind
'Cause when your love call, I'm on the line
Give you everything you can't find
I just hope you keep me in mind
Keep me in mind

I hate seein' you (You) with somebody else, ayy
Need you for myself, ayy (Myself)
I'm good for your health, ayy
With me a day, it keep the heartbreak away
Swear, I got everything, all that I'm missin' is you, woah
I put it all on the line (Line)
Show you my heart and my soul if you'd like
You and me together, girl, it's only right
So when you're ready

Baby, keep me in mind (Ooh-ooh-ooh, baby)
When you need more than a little time (When you need more)
Want a love that you can't find (Can't find)
I just hope you keep me in mind
Keep me in mind, keep me in mind, yeah (Oh)
'Cause when your love call, I'm on the line (I'm pickin' up)
Give you everything you can't find (Everything you can't find)
I just hope you keep me in mind (Keep me in mind)
Keep me in mind (Keep me in mind)

(I hate seein' you, you, with somebody else, ayy)
(Need you for myself, ayy)
(I'm good for your health, ayy)
(I hate, I hate seein' you) Take some time and choose up (With somebody else, ayy)
(Need you for myself, ayy)
Waitin' in line for your love, yeah
Line 2 (Line 2)
La-la, la-la
Woah-oh, oh-oh, woah
This gon' be your favorite song
