

# KING

Eric Bellinger

Yikes! (YFS)

(Every time you hear my music)

I need blue 100s when I hit the scene (Scene)  
Don't need 20 models from the magazines ('Zine)  
Don't need 20 bottles in the limousines ('Sine)  
All this ice, diamonds shining, call me Mr. Clean (Clean)  
Damn right, I keep real ones on my team (Team)  
Had to make it out the bottom, that's by any means, uh (Mean)  
I can't wait to buy a crib somewhere overseas (Sea)  
One for me and for my family what I really need (Need)  
That's what I really need, yeah  
Hustle and grind, yeah, it's time, destiny lined up  
Only five foot seven but God with me, I feel nine foot  
Giant like I'm Eiffel  
Solid, you know I put in one hell of a time  
They don't move like I do

Come vibe with a king, girl, I got what you need  
I need a queen on my team that deserve the finer things  
Come slide with a king, we gon' do everything  
I need a queen with me that ain't switchin' teams  
Come vibe with a king, girl, I got what you need  
I need a queen on my team that deserve the finer things  
Come slide with a king, we gon' do everything  
I need a queen with me that ain't switchin', switchin' (Switchin')

On God, I swear I be tryna chill, uh (On God)  
Only nigga on your list with no major deal, uh (It's Eazy)  
Eric B. presidential, got your lady vote, uh (Ooh)  
Shawty bad, slim thick, singin' she the G.O.A.T., uh (The G.O.A.T.)  
Behind the scenes, let's not talk about them hits I wrote, uh (Sheesh)  
No cosign, had to go and get it on my own, uh (For real)  
Every album full of singles, I can't do no wrong, uh (No)  
Every time that I drop, they just sing along  
This is gon' be your favorite song, yeah  
Got me on 10, I been goin' in for you (I be goin' in for you)  
Yeah, this is not pretend, baby, this was meant for you  
(Baby, this was meant for you)

Come vibe with a king, girl, I got what you need  
I need a queen on my team that deserve the finer things  
Come slide with a king, we gon' do everything  
I need a queen with me that ain't switchin' teams  
Come vibe with a king, girl, I got what you need  
I need a queen on my team that deserve the finer things  
Come slide with a king, we gon' do everything  
I need a queen with me that ain't switchin' teams on us

Ooh, ooh, ooh...
