

La Perla

Eric Bellinger

La Perla's comin' off tonight
(Off tonight, off, ooh-ooh, tonight)
Can't wait to see you under the lights
(Under the lights, off, oh, oh, tonight)
La Perla's comin' off tonight, yeah (Off tonight, oh)
Can't wait to see you under the light (All, all, the light)
In your La Perla

Girl, you know the drill
You know how I feel
I can hear your body callin'
Tellin' me how bad you want it
It's the way you tease
Got me beggin' please
Can't wait to have your body right here, yeah

Ride it (Ride it), you know what I came for
You the one I came for, yeah (Yeah)
Grind it, you know what I came for
You the one I came for

La Perla's comin' off tonight
(Off tonight, off, ooh-ooh, tonight)
Can't wait to see you under the lights
(Under the lights, all, oh, oh, the lights)
La Perla's comin' off tonight, yeah (Off tonight, oh)
Can't wait to see you under the light (All, all, the light)
In your La Perla

See-through lace (See-through lace)
When you put it on, I feel some type of way (Type of way)
Hands all on your thighs and that pretty brown
You keep it thick and brown for me
Only for me, yeah

Ride it (Ride it), you know what I came for
You the one I came for, yeah (Yeah)
Grind it, you know what I came for
You the one I came for

La Perla's comin' off tonight
(Off tonight, off, ooh-ooh, tonight)
Can't wait to see you under the lights
(Under the lights, all, oh, oh, the lights)
La Perla's comin' off tonight, yeah (Off tonight, oh)
Can't wait to see you under the light (All, all, the light)
In your La Perlas
