Eric Bellinger

Last, she my last
She my last
Got her and I'm never lookin' back, no
Last, she my last
She my last
Fuck them other bitches in my past, oh
Last, she my last
She my last
She my whole baby and a half [?]
Last, she my last
She my last
Fuck them other bitches in my past, oh

[?], uh, yeah
She don't even need Prada
She don't even need Vodka
She just love they way I got her, woah
Tried to throw a few rounds
If she can throw it in the back
She just threw it right back, yeah, yeah
She the woman that I need
She the woman for my green
She keep me focused on my dream
Yeah
And it's some new shit to me
Oh-woah

Last, she my last
She my last
Got her and I'm never lookin' back, no
Last, she my last
She my last
Fuck them other bitches in my past, oh
Last, she my last
She my last
She my whole baby and a half [?]
Last, she my last
She my last
Fuck them other bitches in my past, oh

Never lookin' back, fuck them bitches in my past
Always got me goin' forward, never hold a nigga back
I remember when we met, you was fresh up out a class
Down at USI, now it's you ain't me up in the pad
Watchin' movie, sharin' laughs, almost lost you but you took me back
And for that I'm glad, I'm done actin' like an ass, girl
I'ma move with class, I'ma love with passion
You know the old saying, gotta save the best for last, yeah

Last, she my last
She my last
Got her and I'm never lookin' back, no
Last, she my last
She my last
Fuck them other bitches in my past, oh
Last, she my last
She my last

She my whole baby and a half [?]
Last, she my last
She my last
Fuck them other bitches in my past, oh
