

Legs

Eric Bellinger

Your legs, your legs, your legs

Damn, I love your legs
Can't believe your legs
Wrap me in your legs
While I'm in between your legs
Squeeze me with your legs
While I'm kissing on your legs
While I'm biting on your legs
Damn, I love your legs

I don't want go nowhere (no)
I'm turning off my phone right now
I'ma watch you walk upstairs (right, left)
You gon' give your dog a bone right now (jheeze)
Best thing when you fresh up out the shower
Rubbing lotion on your legs like wow, yeah
Said you lent your heels to your best friend
I think she got red bottoms now, yeah

Damn, I love your legs (your legs)
Can't believe your legs (your legs)
Wrap me in your legs (oh)
While I'm in between your legs (oh)
Squeeze me with your legs (with your legs)
While I'm kissing on your legs (on your legs)
While I'm biting on your legs (on your legs)
Damn, I love your legs

Yeah, I been thinking 'bout you
And the freaky things that I wanna do to you
Legs up high in your Jimmy Choos (mornin')
I'ma lick you all night, it's my favorite flavor too (uh-huh)
Now we in the zone (uh-huh)
Shooting movies in my room (uh-huh)
It's the thuggish, ruggish bone

Damn, I love your legs (your legs)
Can't believe your legs (can't believe your legs)
Wrap me in your legs (yeah, yeah)
While I'm in between your legs (legs, legs, ooh)
Squeeze me with your legs (with your legs, with your legs)
While I'm kissing on your legs (on your legs, on your legs)
While I'm biting on your legs (on your legs, on your legs)
Damn, I love your legs (with your legs, with your legs)
On your legs (with your legs, with your)

I could feel your legs right now (with your legs, with your legs)
Ooh, your legs (with your legs, with your legs)
I could feel your legs right now (with your legs, with your legs)
Woah, oh (with your legs, with your legs)

Damn, I love your legs (I'ma work my way up)
Can't believe your legs (starting from your ankles)
Wrap me in your legs (wrap me in your legs)
While I'm in between your legs (yeah, yeah, yeah)
Squeeze me with your legs (come squeeze on me, baby, yeah)

While I'm kissing on your legs (get on your knees for me, baby, yeah)
While I'm biting on your legs (come squeeze on me, baby, yeah)
Damn, I love your legs (get on your knees for me, baby)

It's Eazy...
