Eric Bellinger

Bad to the bone  
Bad to the bone  
Body, body, oh  
Her body flow like liquor, liquor

I done got drunk off everything she been providin' (Yeah)  
Fell into deep love, I can't even hide it (Yeah)  
And you got me faded, you been grippin' on me silent (Yeah)  
Shawty my addiction and mi can't even fight it (No)

She got me like one shot, two shot, three shot, go  
Baby, don't you stop it, no  
Need no water, pour some more  
Ooh, mi like that  
She got me like one shot, two shot, three shot, go  
Baby, don't you stop it, no  
Need no water, pour some more  
Ooh, mi like that

Her body flow like liquor, liquor  
One shot of her love is all I need to reload (Reload)  
Her body flow like liquor, liquor  
Tipsy off the way she whine, mi might lose control (Control)  
She make it flow like liquor

Pour me some of whatever you sippin' on (On)  
'Cause I need you in this position all night long (Long)  
If fuckin' you ain't right, rather be dead wrong  
Bet this gon' be your favorite song (Yeah, ooh)  
'Cause I know what you want (You want)  
And I got what you need (You need)  
So just follow my lead

She got me like one shot, two shot, three shot, go (Go)  
Baby, don't you stop it, no (No)  
Need no water, pour some more  
Ooh, mi like that  
She got me like one shot, two shot, three shot, go (Go)  
Baby, don't you stop it, no (No)  
Need no water, pour some more  
Ooh, mi like that

Her body flow like liquor, liquor  
One shot of her love is all I need to reload (Reload)
