Eric Bellinger

First you say it's over
Then you pack yo bags
Then you say you leaving
Don't do me like that
I apologize
Then I give you that (and you keep on)
And you keep on saying you love me
First you say it's over
Then you pack yo bags
Then you say you leaving
Don't do me like that
I apologize
Then I give you that
And you keep on saying you love me

Mind games, yeah
Could understand that you like sign language, yeah

Then we fighting girl it's so retarted
When you leave me like my soul departed
If you leave me there'd be no tomorrow

Please don't pack my bags and throw my closet
Please don't hit the club and go uncharted
Why I gotta be fucking I hate you then I love you shit
