

# Make You Mine

Eric Bellinger

This gon' be your favorite song

Yeah, they say you no good for me, baby  
Your love too wicked and bad  
The way you drop, whine it, wiggle it  
Girl, it might break my back  
So gimme, gimme, gimme, gimme that good thing, oh  
Sit down pon my lap  
And we could start a conversation

Girl, I wanna kiss and caress, say yes  
Put down all my loving, no one contest  
When I need a freak, if you freak, say yes  
One wicked and bad, bad girl  
Tell me, does your mother know?  
You're a bad, bad, bad girl  
Tell me, does your father know?  
You're a bad, bad, bad girl

If you give me the wickedest whine  
I might take you out sometime  
Get back, I won't get behind  
Girl, I'm a make you mine  
Girl, I might make you mine  
Girl, I'm a make you mine  
Girl, I might make you mine  
Girl, I'm a make you mine, it's Eazy

She say she don't do it for the money  
She do it 'cause she want my love  
If you want it, you gotta work for it  
Show me you can play rough  
If I give her the jiggy, jiggy  
She comin' back with me, can't get enough  
There won't be no hesitation

Girl, I wanna kiss and caress, say yes  
Put down all my loving, no one contest  
When I need a freak, if you freak, say yes  
One wicked and bad, bad girl  
Tell me, does your mother know?  
You're a bad, bad, bad girl  
Tell me, does your father know?  
You're a bad, bad, bad girl

If you give me the wickedest whine  
I might take you out sometime  
Get back, I won't get behind  
Girl, I'm a make you mine  
Girl, I might make you mine  
Girl, I'm a make you mine  
Girl, I might make you mine  
Girl, I'm a make you mine

I wanna make you fall in love  
I wanna make you be my ting  
You're my favorite, you're the one

The way you shake it is everything  
I wanna make you fall in love  
I see you naked in my dreams

Girl, I wanna kiss and caress, say yes  
Put down all my loving, no one contest  
When I need a freak, if you freak, say yes  
One wicked and bad, bad girl  
Tell me, does your mother know?  
You're a bad, bad, bad girl  
Tell me, does your father know?  
You're a bad, bad, bad girl

If you give me the wickedest whine  
I might take you out sometime  
Get back, I won't get behind  
Girl, I'm a make you mine  
Girl, I might make you mine  
Girl, I'm a make you mine  
Girl, I might make you mine  
Girl, I'm a make you mine, it's Eazy

Wanna make you, make you, make you mine  
Wanna make you, make you, make you mine
