

Meditate

Eric Bellinger

You say it small comfy with your clothes off, I know
You keep textin' me to come over
But if I pull up, I'ma take it down for sure
Start off on your neck, lick it all for the culture
Girl, tonight (girl, tonight)
Just unwind (just unwind)
Let this fire (let this fire)
Free your mind (free your mind)

Meditate, baby, meditate, baby
Meditate, baby
Maybe we can meditate, baby
Levitate, baby, levitate, baby
Maybe we can meditate, baby
Meditate, baby, meditate, yeah
