Eric Bellinger

Huh, yeah  
Yeah, yeah  
Ooh

Baby tonight, can I provide kisses  
(Can I put em' on you)  
Could you be my wife for life and my mistress  
(Can you put it on me)  
Baby tonight, can I provide kisses  
(Can I put em' on you)  
Could you be my wife for life and my mistress  
(Can you put it on me)  
Put it on me

Miss me wit the stress (Yeah, yeah)  
I don't need need no mistress, ayy (No)  
Know it's been a long day for you  
Come and get some of this long... yeah  
Can't imagine giving no life to anyone else but you  
'Cause then we'd end up jaded, whole shit'd be tainted  
Then I'd be tryna get it back  
Fuck that shit, got me all bad, all bad (Yeah, yeah)  
When I gave you my last I left the bullshit in the past (Yeah)  
Now you're all about me-me-me  
And I'm all about you-you-you  
Know what I'ma do-do-do (I do)  
When I come thru

Baby tonight, can I provide kisses  
(Can I put em' on you)  
Could you be my wife for life and my mistress  
(Can you put it on me)  
Baby tonight, can I provide kisses  
(Can I put em' on you)  
Could you be my wife for life and my mistress  
(Can you put it on me)  
Put it on me

You been at the job working hella' hard  
Finally off now you're with me  
Tell me all the names of the women at your office  
That make you feel some type of way (Way)  
I should thank 'em for the way they workin' your nerves (Work)  
'Cause it gives me the chance to give you this D that you deserve  
Ain't no goin' back and forth  
I just came to break your back  
If I'm lying then I'm lying with you  
Tell the truth and that's a fact (That's a fact)  
I hate when I don't get to talk to you  
I know when they make you mad (I know)  
They can't get you to react (Like I do)

So baby tonight, can I provide kisses  
(Can I put em' on you)  
Could you be my wife for life and my mistress  
(Can you put it on me)  
Baby tonight, can I provide kisses

(Can I put em' on you)  
Could you be my wife for life and my mistress  
(Can you put it on me)  
Put it on me

Miss me wit the stress (Yeah, yeah)
