

Mutual Agreement

Eric Bellinger

We already agreed
That tonight I'ma get some
That tonight you gon' get some
Been a while since we made love
But we already agreed
That tonight I'ma get some
That tonight you gon' get some
So what's your favorite position

Ooh-ooh
I wanna know if you rather be on top (Top)
Do you prefer it from the back? Between the thighs? (Thighs)
Or should I just lick it repeatedly, non-stop?
We made plans
Tonight's the night for romance
Take my hand, let's slow dance, yeah
And pretend like we innocent

We already agreed
That tonight I'ma get some
That tonight you gon' get some
Been a while since we made love
But we already agreed
That tonight I'ma get some
That tonight you gon' get some
So what's your favorite position (Ooh)

I like it when you wine-and-dine me
You send me roses and messages to remind me
I know you on that type of timing
(I know you on that type of timing)
The way you look into my soul, got my body temp rising

Ooh, tonight, I'm yearning
To give you every piece of me 'cause you earned it
You know your way 'round my body, no need to learn it
And when you lay me on my stomach say, don't run, say don't run

Promise, I won't run
I'll be a good girl, stay right there 'til you're done
Making love 'til we see the sun
I'm ready, you know we already agreed

We already agreed
That tonight I'ma get some
That tonight you gon' get some
Been a while since we made love (Since we made love)
But we already agreed
That tonight I'ma get some (Get some)
That tonight you gon' get some (Get some)
So what's your favorite position
(You know what I like, you know what I want)
Ooh
