No Games

Eric Bellinger

Player
(This that true shit, yeah)
Player-player shit only
(Oh-oh) yeah
It's Eazy!
(Hol' up) yeah!

You say you love me (You do)
But you quick to end shit, yeah
I don't pretend, nah (No)
True to my end, so
Keep it one thousand, yeah (Keep it a stack with me)
And I'll always be honest
Girl, if my phone is out of reach, I'll call you just to tell you (Brrt)
Don't need your location, I'm not here to trail you

Wave caps and 8-tracks, kickin' game since way back (Way back)
Rather be by myself (For real)

No games (No games, no)
Baby, no games (No games, no)
No games, no (No games)
'Cause I don't play, I need all or nothin'
Ain't no ifs, ands, buts, whens
I'll shut 'em down (Down)
Yeah (Yeah, yeah)

When they hit my phone, they could leave it after the tone (They could leave
)
I'm leaving 'em alone (They could leave)
I'll leave 'em all alone, no (They could leave it, yeah)
When they hit my phone, they could leave it after the tone (They could leave
)
I'm leaving 'em alone (They could leave)
I leave 'em all alone (Oh no)

Push my buttons (Yeah)
Quick way to finish up
I got a fence up
Don't wanna let you in just
'Cause you got money (Got my own cash)
So money can't buy me, yeah
And if you're lovin' kinda weak, damn right, I'm gonna tell you
Roses really smell like bullshit, I can smell you

Wave caps and 8-tracks, kickin' game since way back
Rather be by myself (Oh woah...)

No games, no
No games, no (No more fuckin' around)
No games, no
No games
'Cause I don't play, I need all or nothing
Ain't no ifs, ands, buts, whens
I'll shut it down (Watch me shut 'em down, oh)

When they hit my phone, they could leave it after the tone (They could leave

)
Baby, I'll leave 'em all alone
When they hit my phone, they could leave it, they could leave it, yeah
I'ma leave 'em alone, leave 'em alone, yeah
Ayy, yeah, yeah, yeah
