

On Ice

Eric Bellinger

Can you shut it down for me?
Can you shut it down for me?

Baby, I need to put you on ice, yeah, yeah
Baby, I need to put you on ice (Ooh)

They say you don't know what you got until it's gone (Gone)
Who gon' do what I do for you? Let me know (Let me know)
Who gon' put it all in you and touch your soul
I know you remember that night
In front of the stove, yeah
Started missionary, beat it up until it's swole
Buy you expensive things
And give you good dick for the free (Free)
Now you taking me for granted
Like you getting used to me, yeah

Baby, I need to put you on ice, yeah, yeah
Baby, I need to put you on ice (Ooh)
Baby, I need to put you on ice, yeah, yeah
Baby, I need to put you on ice (Ooh)
Baby, I need to put you on ice

Girl, I think it's time for us to chill (Chill)
Damn, I wish you could've kept it real, ayy (Kept it real)
Now I gotta show you how it feel (How it feel)
First, come get you some quick pipe 'fore I dip off (That part)
Back shots with the vest off (Ayy)
Deep strokes to reflect on (Ayy), ooh
Hopin' that you sleep tight when I'm long gone
Can't say I feel wrong
Look what you did to me, yeah, yeah (Yeah)
Certain shit you should've told me, yeah
'Specially if it was before me, damn (Damn)
But you lied to me (Yeah, lied to me)

Baby, I need to put you on ice, yeah, yeah
Baby, I need to put you on ice (Ooh)
Baby, I need to put you on ice, yeah, yeah
Baby, I need to put you on ice (Ooh)
