

## On Site

Eric Bellinger

When I pull up on you girl it's gon' be on site  
I ain't playing wit you babe I want you all night  
If I could touch it through this phone I'd make you feel right  
Girl as soon as I get home it's gon' be on site, yeah

I been feigning for your love, yeah  
Hope that Uber hurry up, yeah  
I can never get enough  
I'm fuck it, fuck it up when I see you

Walk by, walk by (Whoa)  
Fat ass thick thighs (Sheesh)  
Your time, green light (Skrr)  
Say my name when you ride  
I been counting down the time  
Seven minutes away

When I pull up on you girl it's gon' be on site (Yeah)  
I ain't playing wit you babe I want you all night  
If I could touch it through this phone I'd make you feel right (Ayy)  
Girl as soon as I get home it's gon' be on site yeah

I ain't gon' lie I miss that body (It's on site)  
I pull up to smoke with you (On site)  
I ain't gon' lie I miss that body (It's on site)  
I pull up to smoke with you (On site)

You hear me knocking at your door  
Baby let me in  
Allow me to explore  
Let me underneath your skin  
I been gone all day  
I ain't tryna wait  
I'ma have my way, when I see you

Walk by, walk by (Whoa)  
Fat ass thick thighs (Sheesh)  
Your time, green light (Skrr)  
Say my name when you ride  
I been counting down the time  
Hoping it ain't too late

When I pull up on you girl it's gon' be on site (Yeah)  
I ain't playing wit you babe I want you all night  
If I could touch it through this phone I'd make you feel right (Ayy)  
Girl as soon as I get home it's gon' be on site yeah

I ain't gon' lie I miss that body (It's on site)  
I pull up to smoke with you (On site)  
I ain't gon' lie I miss that body (It's on site)  
I pull up to smoke with you (On site)

You think I'm playing wit you  
I'm dead serious I'm pulling up, pulling it out  
Ha-ha-ha-ha-ha  
Dat part, dat way  
Yadig

Matter fact I know what I need to do  
Lemme light some candles \*lighter flick\*  
Slow it down a little bit, you know what I'm saying?  
Get you in the mood  
Make it real sexy-like  
Ha-ha-ha  
You feel me?  
It's Eazy
