Only You

Eric Bellinger

Yeah
Whoa-whoa-whoa, whoa
(This gon' be your favorite song)
Hitmaker, it's Eazy

Only you could make me feel the way you do, you do
Way you keep me comin', runnin' back to you
Keep me runnin' back to you

It's somethin' about you baby, yeah
I can't describe it baby, no (No)

Only you could make me feel the way you do
Keep me comin' runnin' back to you (Yeah)

I'm right here my dear, yeah (Yeah)
Pull up on me so sincere, yeah
Twenty-one, it's your year, aye
But I need all of your attention now

Make you my boss chick, yeah (Boss)
Add it up, we on Forbes list, yeah (Yeah)
They proceedin' with caution, yeah
But we don't care for attention, no (Shhh)

I like legs in the ceiling
To keep it a billion, yeah (Billion)
And I like runnin' through millions
Need someone to build with (It's Eazy)

Only you could make me feel the way you do, you do
Way you keep me comin', runnin' back to you
Keep me runnin' back to you

It's somethin' about you baby, yeah
I can't describe it baby, no (No)

Only you could make me feel the way you do
Keep me runnin' back to you (Yeah)

Just give me your time
This could be our night
Playback, then rewind (Yeah)
Heard what they told me, can't switch sides, I'ma

Make you my boss chick yeah (Boss)
Add it up, we on Forbes list yeah (Yeah)
They proceedin' with caution, yeah (Whoa-whoa-whoa)
We don't care for attention, no baby

I like legs in the ceiling
To keep it a billion, yeah
And I like runnin' through millions (Whoa)
Need someone to build with, it's Eazy

Only you could make me feel the way you do, you do (The way you do)
Way you keep me comin', runnin' back to you (Runnin' back)

Keep me runnin' back to you

It's somethin' about you baby, yeah (Yeah)
I can't describe it baby, no (Ooh)

Only you could make me feel the way you do
Keep me comin' runnin' back to you (It's Eazy)
