

# Pack A Bag

Eric Bellinger

Pack you a bag (Ooh)  
I need you on the first thing smoking  
Pack you a bag (Ooh)  
I'm tryna hit that 9 'til morning  
Pack you a bag (Ooh)  
I wanna take you deep sea stroking  
Pack you a bag (Ooh)  
So we could put this thing in motion

I just need you here, I want you next to me  
I just booked your flight, you leave the first thing  
I think you might've got me spoiled, it's only been a week  
But I've been thinkin' 'bout that pussy since last week  
Slow jams, we can make it romantic, yeah  
Champagne waitin' for you when you land, baby  
Good D waitin' for you when you land, baby  
On the beach, and I ain't scared to hold your hand, baby  
(Pack your bags) So pack your bags  
I'll be waiting at the airport for you, girl  
All you need is a carry-on  
Hit the mall an we could grab somethin'  
If you need somethin', that's nothin'  
Phones off, no roaming  
Baby, let's enjoy the moment

Pack you a bag (Ooh)  
I need you on the first thing smoking  
Pack you a bag (Ooh)  
I'm tryna hit that 9 'til morning  
Pack you a bag (Ooh)

Pack you a bag (Ooh)  
So we could put this thing in motion
