

Passionate

(Hitmaka)

I know that you're passionate for me, for me, girl
You know that the pressure is on me

I know that you're passionate for me, for me, girl
You know that the pressure is on me, I want you, girl
If you could put your trust in me (Me)
I won't fail you
I know that you're passionate for me (For me), for me (Me), girl

Love the way you pay attention to my vibe (Vibe)
I will subscribe
Never leave me on read, you reply right back
No words, just heart eyes
It's never an issue if I only got time to stop by for the night
Whenever I kiss you, I ain't even gotta look in your eyes to realize

I know that you're passionate for me (For me, yeah), for me, girl (Oh, girl)
You know that the pressure is on me, I want you, girl
If you could put your trust in me (Me)
I (I), won't fail you (No, for real)
I know that you're passionate for me (For me), for me (Me), girl

If it's one thing I know, ayy (Know)
We can't let go, woah
Even when I'm on the road, you stay ten toes down
Even when no one's around
Anytime, anywhere, pick a place, baby, I'll be
Baby, I'll be on my way

I know that you're passionate for me, for me, girl (Oh, girl)
You know that the pressure is on me, I want you, girl
If you could put your trust in me (Me)
I won't fail you
I know that you're passionate for me (For me), for me (Me), girl
