

# Pure

Eric Bellinger

Tempting

I gotta admit that it gets hard when I'm around you, whoa, whoa, whoa  
Gorgeous

The way you walk and talk, so flawless, I can't see no fault, whoa

Energy so loud, I can't hear space even when you're silent

No flex, no wyling

You're fine with yourself just vibing

Energy so raw

You don't need no more

Already got it all

Girl, you don't need no more

Ah-yeah, energy so raw

Ah-yeah, energy so pure

Ah-yeah, got me wanting more

Ah-yeah, energy so pure

Pure, pure, pure

Energy so pure

Pure, pure, pure

Energy so pure

Dance

Baby, lemme feel something

I know you ain't pull up for nothing

Hands

You can put them in my pants

Fantasy-type loving, yeah

I've been patient

Sick of waiting

Yeah

What's up? I can't hear you

Energy so loud, I can't hear space even when you're silent

No flex, no wyling

You're fine with yourself just vibing

Energy so raw

You don't need no more

Already got it all

Girl, you don't need no more

Ah-yeah, energy so raw

Ah-yeah, energy so pure

Ah-yeah, got me wanting more

Ah-yeah, energy so pure

Pure, pure, pure

Energy so pure

Pure, pure, pure

Energy so pure
