

# Reciprocate

Eric Bellinger

It's Eazy (Yeah)

I know I could be too much (I know I could be too much)  
Lovin' me, I know it ain't easy, baby  
'Cause we been here so many times (Times)  
Lucky there's just somethin' you see in me (Me, me), ay  
I owe you (You, you), yeah  
Honestly, you be there when I call on you, ay (Call on)  
You deserve your roses for all you do  
So baby, there's no reason I should make excuses

'Cause you're enough, you're enough, and I know  
It can't be love, can't be love without trust  
I'll give it up, give it up just for us (Yeah)  
Ooh-ooh-ooh, baby

Workin' on lovin' on you, lovin' on you much better  
Workin' on lovin' on you, lovin' on you, reciprocate  
Let me give it how I get it, baby  
Oh-oh, yeah (Yeah, yeah)  
Workin' on lovin' on you, lovin' on you much better

Hate it when you say that I'm on games 'cause I ain't playin' game  
Know that you just want it off your chest, it ain't complainin'  
Can't sit here and act like it ain't truth to what you sayin'  
Roll up and I face it (Face, face), listen better when I'm faded, oh-whoa-oh  
Baby, let me make it better  
Know that you been gettin' fed, but girl, I'ma do whatever it takes  
Gettin' my shit together, so you ain't never gotta settle, bae, no

'Cause you're enough, you're enough, and I know  
It can't be love, can't be love without trust  
I'll give it up, give it up just for us (Yeah)  
Ooh-ooh-ooh, baby

Workin' on lovin' on you, lovin' on you much better  
Workin' on lovin' on you, lovin' on you, reciprocate  
Let me give it how I get it, baby  
Oh-oh, yeah (Yeah, yeah)  
Workin' on lovin' on you, lovin' on you much better
