I like how you go to work
Even though you know you don't have to
I like how you cook for me
Even though you know I could buy the restaurant

The fact that you do it and you don't have to
Is exactly the reason that I'm so addicted to you
And I promise that I'ma stay true even when all them bitches be calling
And you'd do the same for me that's why I love you

I love how you take me down right after dinner
then you go to work in the morning
You don't complain, I know you tired
And that's why I rub on your feet when you get home
And that's why I dedicate everything I do to you

You don't do it cause I want you to, you do it cause you love it
You don't do it cause I need you to, you do it cause you love it
You don't do it cause I told you to, you do it cause you love it
But you know you don't have to girl, that's why I love you

You know that I'd give you everything that you need and I got you
You know that I'd take care of anything that you want, no problem
But yet you still do it anyway, you still do it anyway

I love how you massage my back when I get home, baby
Even though you know that I can go to breck williams tomorrow and get whatever I want

The fact that you do it and you don't have to
Is exactly the reason that I'm so addicted to you
And I promise that I'ma stay true even all when them bitches be calling
And you'd do the same for me that's why I love you

I love how you take me down right after dinner
then you go to work in the morning
You don't complain, I know you tired
And that's why I rub on your feet when you get home
And that's why I dedicate everything I do to you

Give it up girl, give it to me and I'ma take care of you
Oh, you don't have to but you do it anyway, and that's why I love you
You make me wanna take care of you girl
It makes you so much more attractive
So much more beautiful
You take care of yourself and makes me wanna make sure you ain't gotta do no thing

Remember, remember when I ain't have nothing to my name
But 17 dollars and all we could eat was some shit from Mcdonald's, you stayed by my side
Remember when they would say credit or debit
And I would say credit cuz if I said debit
Then all they would say was I'm sorry your card is declined

All we had and all we ever needed was each other
No matter what we would always make a way together

You were there for me, when I had nothing
And now I've got everything
But you still care for me, as if I have nothing
So I'mma give you everything

Girl if its mine then its yours, its yours, its yours
So come get your reward
Come and get your reward
