

# Run It Up

Eric Bellinger

Oh yeah  
Oh yeah

Your new name, exclusive (Hey)  
Glow up stupid  
Tell me how the waist on toothpick? (Slim thick)  
Still you too thick  
You know what to do, uh  
You know what the mood is  
You know it's a movie (Straight up)  
Soon as you pick and chose (Straight up)

Chose up you onto something (New wave)  
You the type don't fall for nothing (Don't fall)  
No a nigga not known for cuffing  
But damn (damn), you got it (You do)  
Let me know if I'm wrong for lusting  
Beat it like you owe me something  
Show me something, throw me something  
Throw that ass back or sit it right here on my lap

First I been juggin', finessin' and bussin' a move (Move)  
Tryna run it up with you, yeah  
Tryna run it up with you, yeah  
Tryna run it up with you  
Damn, I just wanna touch and feel (I just wanna touch)  
Can I run it up with you, yeah? (Can I run it up with you, yeah?)  
Can I run it up with you, yeah?  
Can I run it up with you?

Girl you fuck it up, fuck it up, you do  
You make me wanna run it up, run it up with you, yeah  
Girl you fuck it up, fuck it up, you do  
You make me wanna run it up, run it up with you, oh

Baby you the blueprint (Yeah)  
Without you I'm losin' (Yeah)  
All your exes foolish (For real)  
They was stupid  
'Cause you never know a good until it's gone  
But since they wanna know you was the one

Chose up you onto something (Yeah)  
You the type don't fall for nothing (Real)  
No a nigga not known for cuffing (Oh-oh)  
But damn (damn), you got it (You do)  
Let me know if I'm wrong for lusting (Sheesh)  
Beat it like you owe me something  
Show me something, throw me something  
Throw that ass back or sit it right here on my lap

First I been juggin', finessin' and bussin' a move (Move)  
Tryna run it up with you, yeah  
Tryna run it up with you, yeah  
Tryna run it up with you  
Damn, I just wanna touch and feel (I just wanna touch and-)  
Can I run it up with you, yeah? (Can I run it up?)

Can I run it up with you, yeah? (With you)  
Can I run it up with you?

Girl you fuck it up, fuck it up, you do  
You make me wanna run it up, run it up with you, yeah  
Girl you fuck it up, fuck it up, you do  
You make me wanna run it up, run it up with you, oh
