

Run That Back

Eric Bellinger

We gone have to run that back, run that back
We gone have to run that back, run that shit back
'Cause you got a ass fat, titties slap, in the bed doing laps
Let me pet the kitty cat, now I don't know how to act
Run that back, run that shit back

How did you finesse that physique, you don't hit the gym
Heard about your ex had you stressed, you got rid of him
Now it's demon time what's your sign, you a scorpion

Popping OnlyFans
Hella bands
You a fan of me
You don't gotta ask wagon dragging in that AMG
Meet me at the pad, you can crash that right into me

We gone have to run that back, run that back
We gone have to run that back, run that shit back
'Cause you got a ass fat, titties slap, in the bed doing laps
Let me pet the kitty cat, now I don't know how to act
Run that back, run that shit back
It's Eazy

She know that I

We gone have to run that back, run that back
We gone have to run that back, run that shit back
'Cause you got a ass fat, titties slap, in the bed doing laps
Let me pet the kitty cat, now I don't know how to act
Run that back, run that shit back
It's Eazy

Just send me that call, I'll get in between it
Pick up where we left off, your heart is still heating

We gone have to run that back, run that back
We gone have to run that back, run that shit back (yeah)
'Cause you got a ass fat, titties slap, in the bed doing laps
Let me pet the kitty cat, now I don't know how to act
Run that back, run that shit back

It's Eazy!

She know that I handle my business
Start up top then I'm making my way
To yo titties
Tryna put it in yo kidneys
Pussy Slippery
I'm in your water tripping
I'm in your water falling
I'm in that water
Water falling dickin' her down like
Big float
She wanna run that back let's go
Run that shit back
She ain't going nowhere
She know that I handle that

She ain't going nowhere
I can't get enough of you
Every time I see you I'm in the mood

We gone have to run that back, run that back
We gone have to run that back, run that shit back (yeah)
'Cause you got a ass fat, titties slap, in the bed doing laps
Let me pet the kitty cat, now I don't know how to act
Run that back, run that shit back

Just send me that call I'll get in between it
Pick up where we left off your heart is still beating

We gone have to run that back, run that back
We gone have to run that back, run that shit back (yeah)
'Cause you got a ass fat, titties slap, in the bed doing laps
Let me pet the kitty cat, now I don't know how to act
Run that back, run that shit back

It's Eazy!
