

Yeah
Yeah
Baby, I got it
It's Eazy

Say it's lit, candles lit, on my shit
Baby, tonight
Pourin' up wine, red wine, take a sip
Girl, I know what you like
Finna kiss lips in between your hips
Baby, tonight
I'ma switch up your energy (Switch, switch)

Saw (Saw you)
Saw you dancin' in the mirror with my T-shirt and no panties on
Waitin' on me
Sendin' me pics and videos, on your tippy toes and you drop it low
Well, I'm lovin' this, and I'm keepin' those
Wanna see you 3D in the same pose
I'm on the road right now (Right now)
Doin' eighty, gettin' blow right now (Right now)
I put the smoke in the air (Oh)
Wishin' I was already there
Gettin' blow right now
But you first though (You first thought)
And I'ma do it 'til you legs lock up (Lock up)
With my tongue, I can align your chakras (Chakras)
Exorcise, demon time
You want inner peace? Baby, here take mine

Mm-mm-mm-mm, oh-whoa-whoa (Oh)

Say it's lit, candles lit, on my shit
Baby, tonight
Pourin' up wine, red wine, take a sip
Girl, I know what you like
Finna kiss lips in between your hips
Baby, tonight (Ooh)
I'ma switch up your energy (Switch, switch)

Wait up on love (Wait up on love)
I'ma make sure that it's only us (Us)
You know I already filled your cup (Cup)
Wanna lick on every spot I love
Ain't no rush

Take it upstairs (Upstairs)
Rose petals goin' straight to the bed (To the bed)
Baby, I'll secure the vibe
I'ma get you right
Girl, I'm handy with the tool, I'ma lay the pipe

Soon as you touchdown, we makin' love sounds
We on love rounds
Run it back (Back, back)
Goin' up and down
While you on top, still makin' eye contact

Oh
This is one hell of a ride
Ay (Ride)
We stayin' in for the night
Yeah (Night)
She come alive in the moonlight (Moonlight)
Incense smoke in the sky
Yeah

Say it's lit, candles lit, on my shit
Baby, tonight
Pourin' up wine, red wine, take a sip
Girl, I know what you like
Finna kiss lips in between your hips
Baby, tonight
I'ma switch up your energy (Switch, switch)
