

Say Less

Eric Bellinger

All you gotta do is say less (Say less)
It's Easy, yeah
Ayy
All you gotta do is say less
Go'n mix a little bit of Hennessy and say yes
Yeah, mix a little Sade for the stay, baby, say less, oh

You talkin' love, I ain't finna budge
You know the game, learn how to play
Don't start choosin'
Friends turn you up, don't fuck it up
Nice goin', but if I turn you up
Don't start choosin'

Time (Yeah)
Know we got enough to get shit brackin'
Wouldn't wanna miss this action
Shit, this time
All you gotta do, uh (You)
All you gotta do, uh (All you gotta do)
All you really gotta do is say less (Say less)
Go'n mix a little bit of mary jane and say yes (Yes, yeah-yeah)
Mix a little Marvin Gaye for the stay, baby, say less

Two in the morn', tensin' up (Yeah)
Just relax (Man, chill out real quick), yeah
Go ahead and go there
Don't worry 'bout yourself, lucky for you, I'm givin' back
All we really need is a moment to ourselves
With me, you, and nobody else to get this movie started
Act like everyone is watchin'
Don't get shy, I hope you start this
Play your part, you know these niggas askin'
Mama, give yourself some credit
This could really be your Oscar moment
You don't gotta worry, there ain't too much talkin'

All you gotta do is say less (Do is say less, baby girl)
Mix a little Sade and I made her say yes (Made her say yes, yes, yes)
Playing games, running things, all you gotta do is
Say yes (Say yes, I)
I don't wanna waste no more time, I just wanna make love all night
Baby, say yes (Say less)

Time (Yeah)
Know we got enough to get shit brackin'
Wouldn't wanna miss this action
Shit, this time
All you gotta do, uh
All you gotta do, uh
All you really gotta do is say less
Go'n mix a little bit of mary jane and say yes
Yeah, mix a little Marvin Gaye for the stay, baby, say less
Go'n mix a little bit of Hennessy and say yes
Go'n mix a little bit of mary jane and say yes
Mix a little Sade for the stay, baby, say less
