Two nickle shit, she a dime piece
She got blood bottoms on her feet
She bought that shit, no leak
She got them Gucci sheets
She got big rings, two, three
And she don't ever use no teeth
You like her but she like me
I think I really like she

And niggas be like, "Ooh, who is she?" (Who is she? Who is she?)
And niggas be like, "Ooh, who is she?" Yeah, yeah, yeah
But she with me, she with me, she with me, yeah

Blowin' up on that good with she
You know I gotta keep it lit with she
I'ma take a couple trips with she
Daisy Dukes lookin' good on she
So you know I had to chose on she
You like her but she like me

And niggas be like, "Ooh, who is she?" Yeah, yeah, yeah
