

So Good

Eric Bellinger

I see you sittin on the beach
lookin badder than anything I seen before
baby I seen everything, so
seein you is like livin a dream (ooo girl)
I just wanna know your name
Baby I can show you some things
Girl you, deserve the world
And I just wanna give it to you baby
Whatever you do I can make it
better for you
Just tell me what you wanna do
I don't need to know your situation
I already know that I can change it
Whatevaa ooh I just want you to know..
(I'm so good)
Doesn't matter who ya man is
Cause girl im not your average
(I'm so good)
Doesn't matter where ya came from
Cause I know where you goin'
(I'm so good)
Baby if you gave me a try
I swear it's gonna change your life
(I'm so good) woaahhhh
Girlllll I just want you to know
(I'm so good)
I've been all over the world
I swear I seen a million girls, beeforee
None of 'em made me feel like you
So let me make you feel good too (ooh girl)
Don't mean to disrespect your guy
But I just gotta go for mine,
Girl you deserve the world
And I just wanna give it to you baby
Whatever you do I can make it
better for you
Just tell me what you wanna do
I don't need to know your situation
I already know that I can change it
Whatevaa ooh I just want you to know..
(I'm so good)
Doesn't matter who ya man is
Cause girl im not your average
(I'm so good)
Doesn't matter where ya came from
Cause I know where you goin'
(I'm so good)
Baby if you gave me a try
I swear it's gonna change your life
(I'm so good) woaahhhh
Girl I just want you to know,
(I'm so good)
So I (so I, so I, I, I)
who you waitin' for (waitin for , waitin for, youu) to make up your mind?
There's really nothin' to think about
Just grab my hand..
Like no one else can

(I'm so good)
(2x)
(I'm so good)
Doesn't matter who ya man is
Cause girl im not your average
(I'm so good)
Doesn't matter where ya came from
Cause I know where you goin'
(I'm so good)
Baby if you gave me a try
I swear it's gonna change your life
(I'm so good) woaahhhh
Girl I just want you to know..
