

Sophisticated Lady

Eric Bellinger

[Verse 1:]

Got all the class one man could ask for
No need to act girl, you on your job
The way you market your sale
Make me wanna invest
So I suggest we close this deal and keep it moving baby

[Bridge:]

Oh oh oh
I want you bad bad
Oh oh oh
Ain't nothing to it

[Chorus:]

Sophisticated lady
I'm tryin to get down to business with you
Yea, girl
Got your money right, money so long
At work going so hard
You swerve with your heels on
Sophisticated lady

[Verse 2:]

All day, all night, must be tryna show off (tryna show off)
Don't need no one 'cause you already put on
Yea you know you bad
Best one out of your friends
So it only makes sense to close this deal and keep it moving baby

[Bridge:]

Oh oh oh
I want you bad bad
Oh oh oh
Ain't nothing to it

[Chorus:]

Sophisticated lady
I'm tryin to get down to business with you
Yea, girl
Got your money right, money so long
At work going so hard
You swerve with your heels on
Sophisticated lady

[Verse 3:]

Already got everything you want
Yea I know that's your car and bring you on
Baby I can give you more
Everybody know money can't buy you love

[Chorus:]

Sophisticated lady
I'm tryin to get down to business with you
Yea, girl
Got your money right, money so long
At work going so hard
You swerve with your heels on

Sophisticated lady
