

# Speak Up

Eric Bellinger

We got a problem, how do we solve 'em?  
By making a change  
Make a difference to be about it  
More than what we say, yeah  
Don't ever give up, right to stand up  
Right to do it your way  
Sing out (Sing out)  
I'll make them hear me (Oh)

Make sure you say it louder  
'Cause your voice matters (Matters)  
Don't be afraid to show it  
Go ahead and stand up (Stand up)  
Don't hold back, you're not alone  
Take this chance before it's gone  
For everything you believe in  
You just gotta speak up, speak up (Speak up)

Judge made the wrong call (Wrong call)  
Who put him in his place? (Who?)  
Standing in long lines  
No one wants to face the truth of it all  
We wanna see our dough, ha  
Equity and invest, so we ball  
I know you feel me (Oh)

Make sure you say it louder  
'Cause your voice matters (Matters)  
Don't be afraid to show it  
Go ahead and stand up (Stand up)  
Don't hold back, you're not alone  
Take this chance before it's gone  
For everything you believe in  
You just gotta speak up, speak up (Speak up)

Make sure you say it louder  
'Cause your voice matters (Matters)  
Don't be afraid to show it  
Go ahead and stand up (Stand up)  
Don't hold back, you're not alone  
Take this chance before it's gone  
For everything you believe in  
You just gotta speak up, speak up (Speak up)

Gotta speak up, speak up (Speak up)  
Speak up (Speak up)
