

# Take It Off

Eric Bellinger

If you promise that you won't tell  
Meet me at the motel six  
And imma leave a light on and we can turn you right on.  
Come on closer, don't be shy,  
You ain't got to keep your clothes on,  
You could take 'em right off.

So let me see you take off, take off,  
Take it, baby, take off, take off, take off.  
So let me see you take your clothes off,  
No bra, show off, go wild.  
So let me see you.

Time is being wasted,  
I'm running out of patience,  
Baby, I ain't hating, just discriminating  
On your shirt, on your skirt, on them heels, baby,  
Gucci, Louie, Findie, Prada, girl, you know they won't  
be needed here,  
They can disappear, all I wanna see is you and them  
sexy tattoos on your body,  
No clothes embodied.  
So before you hit the door, baby girl, get comfortable.

If you promise that you won't tell  
Meet me at the motel six  
And imma leave a light on and we can turn you right on.  
Come on closer, don't be shy,  
You ain't got to keep your clothes on,  
You could take 'em right off.

So let me see you take off, take off,  
Take it, baby, take off, take off, take off.  
So let me see you take your clothes off,  
No bra, show off, go wild.  
So let me see you take off, take off,  
Take it, baby, take off, take off, take off.  
So let me see you take your clothes off,  
No bra, show off, go wild.  
So let me see you.

It's almost time to leave, girl,  
What's it gonna be, girl?  
You can run with me, girl,  
I know you wanna see, girl.  
See the whip, see the crib, see the bedroom, shower,  
Kitchen counter, living room, baby, let's get out of  
here,  
Nothing to feel, all I wanna see is you and them sexy  
tattoos on your body,  
No clothes embodied. So before you hit the door, baby,  
girl, get comfortable.

If you promise that you won't tell  
Meet me at the motel six  
And imma leave a light on and we can turn you right on.  
Come on closer, don't be shy,

You ain't got to keep your clothes on,  
You could take 'em right off.

So let me see you take off, take off,  
Take it, baby, take off, take off, take off.  
So let me see you take your clothes off,  
No bra, show off, go wild.  
So let me see you take off, take off,  
Take it, baby, take off, take off, take off.  
So let me see you take your clothes off,  
No bra, show off, go wild.  
So let me see you.

I just wanna see you in your birthday suit, in your  
birthday,  
Even though it ain't your birthday.  
I just wanna see you in your birthday suit, in your  
birthday suit.

So let me see you take off, take off,  
Take it, baby, take off, take off, take off.  
So let me see you take your clothes off,  
No bra, show off, go wild.  
So let me see you.
