

The Process

Eric Bellinger

Way cooler than a AC

I be like you ready, you say, 'Not yet' (Yeah)
I never be tripping when you're not dressed (Yeah)
I don't mind waiting, baby, I promise
Girl, I understand that it's a process, yeah, yeah
Got your mirror lights on (On)
Turn your Spotify on (On)
Pull you heels out, lay your dress out, put your make up on (On)
)
Damn, your contours strong
Throw them eyelashes on (On)
'Fore you head out, let your hair down while you sing this song

Girl, it's a process (Yeah)
I know it's a process (Yeah)
I fuck with your process (Yeah)
You can take your time (Yeah)
Girl, it's a process (Yeah)
I know it's a process (Yeah)
Respect to the process (Yeah)
Just don't talk all night

I be like you ready, you say, 'Not yet'
Girl, I understand that it's a process
