

Then What

Eric Bellinger

Yeah (Hitmaka)

Oh, ooh-woah, oh-oh, oh-oh

YFS

(Certified 'Stro while listen to the bass)

Say a little, then what? (What?)

Climb to the middle, then what? (Woah, ooh-oo)

Taste a little, then what? (Woah)

You know I love when you keep it in touch, oh-oo

Say a little, then what? (Say)

Climb to the middle, then what? (Taste)

Taste a little, then what? (Woah)

You know I love when you keep it in touch, oh-oo

Ayy, you know I love it (You know)

You know I can't put nothin' above it (Above)

You get a vibe when we kissin' and touchin', I

I catch a vibe every time I think of it (You know)

How can I lose? (Lose)

Heels in the bed, you so rude, yeah

I don't wanna stop, sometimes I gotta sit back and watch (Watch)

Sometimes, you do it all from the top (Top)

I don't wanna say anything to make it seem I'm in over my head

But you know how it is every time I get between (Between)

Got me over the edge

Say a little, then what? (What?)

Climb to the middle, then what? (Woah, ooh-oo)

Taste a little, then what? (Woah)

You know I love when you keep it in touch, oh-oo

Say a little, then what? (Say)

Climb to the middle, then what? (Taste)

Taste a little, then what? (Woah)

You know I love when you keep it in touch, oh-oo

Let me get up in the middle, finna play it like a fiddle

Make it drip, pick up the dribble

Keep that up when we get in the room

Pretty titties, way they sittin'

Let me get in where I fit in, ooh

How can I lose? (Lose)

Heels in the bed, you so rude, yeah

I don't wanna stop, sometimes I gotta sit back and watch (Watch)

Sometimes, you do it all from the top (Top)

I don't wanna say anything to make it seem I'm in over my head

But you know how it is every time I get between (Between)

Got me over the edge

Say a little, then what? (What?)

Climb to the middle, then what? (Woah, ooh-oo)

Taste a little, then what? (Woah)

You know I love when you keep it in touch, oh-oo

Say a little, then what? (Say)

Climb to the middle, then what? (Taste)

Taste a little, then what? (Woah)

You know I love when you keep it in touch, oh-oh
