Today I Got Time

Eric Bellinger

(Today I got time
Today I got time
Say today I got time
Today I got time
And say today I got time
Today I got time
Today I got time
Today I got time
It's like I can't do no wrong
I can't do no wrong
This gon' be your favorite song)

Yeah, yeah, yeah, ooh ooh woah woah
Soon as I get home
I'ma make it up (I'ma make it up)
I'ma make it up
I know I've been busy

But tonight I got time (today I got time)
Time (today I got time)
Time (today I got time)
Time (I'ma keep it G, real)
Time (today I got time)
Time (today I got time)
Time (today I got time)
Time (I'ma keep it G, real)

Tonight I got time for you (time)
Tonight I got plans on my mind for you (yeah)
Don't take this light I'm excited too (girl)
Running red lights (skrrt) some sliding through (yeah)
Better believe it girl I'm the truth (yeah)
Why would I lie unless I'm finna lie right beside you and slide it in side of you (woah)
Just the sight of you, something 'bout you naked
Running out of patience, girl I just can't take it
I know it's been way too long (way too long)
And it may seem like I don't care but you've bear with me

So tonight I got time (today I got time)
Time (today I got time)
Time (today I got time)
Time (I'ma keep it G, real)
Time (today I got time)
Time (today I got time)
Time (today I got time)
Time (I'ma keep it G, real)
