Pretty little thing, tell me what happened to your smile? (What happened?)
Open up to me (Open up)
Open up to me, oh (Oh), yeah, ay
Let your guard down, sexy queen, I'll adjust your crown
Open up to me
Open up to me
Oh-ooh-ooh, top tier (Ah)

For the last few years, you had my attention
Even without the mentions
Whoa-oh-ooh-whoa, oh-ooh-ooh-ooh-ah
Rare form, ain't even in your prime
You should know, ooh-whoa, oh-ooh-whoa
You're one of kind

What's got you racin', runnin' red lights?
Tell me what are you chasin'?
That's got you trippin' now, second guessin' now, always drivin' yourself cr
azy, that's wild

Pretty little thing, tell me what happened to your smile? (Smile)
Open up to me (Open up to me)
Open up to me, oh (To me, every day), oh, yeah
Let your guard down, sexy queen, I'll adjust your crown (Ooh, ooh)
Open up to me (Open up, yeah)
Open up to me (Yeah)
Oh-ooh-ooh, top tier (Ah)

Baby girl, you heaven-sent, I know who sent you
Got thank Him for the blessings
Ex niggas in your past, learnin' their lessons, lessons
On the sideline
'Cause you wine, over time fine
You a star in the night sky
Don't let 'em dim your light

What's got you racin', runnin' red lights?
Tell me what are you chasin'?
That's got you trippin' now, second guessin' now, always drivin' yourself cr
azy, that's wild

Pretty little thing, tell me what happened to your smile? (Smile)
Open up to me (Open up to me)
Open up to me, oh (To me, every day), oh, yeah
Let your guard down, sexy queen, I'll adjust your crown (Ooh, ooh)
Open up to me (Open up, yeah)
Open up to me (Yeah)
Oh-ooh-ooh, top tier

Ooh, baby, you the one and not the two
That tiger in you, can't just let it loose, I can
See your soul, it's beautiful, and I just wanna pour
Into you like pitchers do, like no one did before
Whenever you slide by me (Slide)
It be good vibes only (Vibes)
And all your girls bad too (Bad)
They are just not in your league (Just bein' honest)

But this ain't about them, hope they don't feel a way (They don't feel a way
)
Likin' your selfies on the yacht while we sail away

Pretty little thing, tell me what happened to your smile? (Smile)
Open up to me (Open up to me)
Open up to me, oh (To me, every day), oh, yeah
Let your guard down, sexy queen, I'll adjust your crown (Ooh, ooh)
Open up to me (Oh, oh-oh-oh, yeah)
Open up to me (Ooh-ooh-whoa, oh-oh-oh)
Oh-ooh-ooh, top tier (Ah)
